

# Chapter Eleven

## Object Properties and Method Explanation

**Person**

**TWINKLE CATS**  
SPREAD YOUR KNOWLEDGE

```
var rect = {  
  width: 10,  
  height: 20,
```

Properties

```
  calculateArea: function() {  
    return this.width * this.height  
  },  
  calculateRange: function() {  
    return 2 * (this.width + this.height)  
  }  
}
```

Methods

```
var area = rect.calculateArea()  
var range = rect.calculateRange()
```
